

PUBLIC NOTICE

Several complaints have been received from Strathclair Village residents regarding the burning of garbage and garden waste in burning barrels. This is extremely annoying to other residents in the Village of Strathclair. We ask that you deposit your household waste garbage bags in the dumpsters located in convenient various areas around the village, and take your garden waste to the landfill site. Robert or Murray will help you if you are not sure where to place it at the site. All Strathclair Village residents appreciate your cooperation.

**Council
R.M. of Strathclair**
